LETTER FROM OUR SAILOR BOY

Manila, P. I., Nov. 30, 1906.
Editor Roundabout:

As I have nothing to do, and 820 men to help me do it, I thought I would drop you a few lines "just for fun."

On the 8th day of Sept. 1906, the cruiser Squadron, U. S. F. S. West Virginia, Pennsylvania, Colorado and Maryland, got under way at Newport, R. I., at two p. m., headed for Gibraltar.

On our third day out we hit a very strong blow that shook us up some few. But it only lasted two days.

On the 15th of Sept., we dropped anchor at Gibraltar. The rock is about 1400 feet high and 3½ miles thick and 5 miles long. There is a town around the bottom of the rock, with about 2,000 soldiers on top. There is a gun mounted for each year. We laid there five days. During our stay the H. M. S. Drake, flagship of the English cruiser squadron, gave us a fine smoker. Everybody had a very good time; lasted till 11:00 p. m.

On the 28d, we got under way from Gibraltar at 7 a. m., headed for Naples, Italy. After a run of about 8 days, we reached Naples, and laid about 1½ miles from Mt. Vesuvius. She was grumbling and smoking most all the time we were there, but that is going on all of the time.

Naples has 800,000 population. It has some fine stores and churches. There are a good many poor people there, so it is not very pleasant the first time that we went ashore, but after that we were "wise." The streets are so crowded that you have got to "go some" to get through the "crowd." The Chaplain got up a party to go to Rome. About 50 went, but things were not coming my way, and I could not go. But they had a very good time.

Staying in Naples about 4 days, at 10:50 a. m., September 30th, we left, headed for Athens, Greece. On the first night out we passed Mount Stromboli, the only volcano that erupts continually, and as we passed her at night, it looked fine. I stayed up till 12 watching for it.

After a good run of a few days, we dropped anchor in Athens.

Athens looks to be about a million years old. A good many of the fine, old buildings and palaces are partly standing. They are made almost all of marble. There are some marble pillars, lying on the ground, that have been there since the time of Christ.

After a stay of 4 days, we left Athens at 8 a. m., on the 6th of October.

After a run of 8 days we came to Port Said, Egypt.

Port Said is not a very large place, but as there is a caravan stable, on the opposite side, we could see caravans of 5 to 50 camels coming in off the desert, some with very big loads.

We stayed in Port Said 4 days and coaled ships (natives did the coaling.)

On October 14th we started through the canal. As the Suez is very narrow, about 90 feet wide and 86 miles long, walled in most all of the way, every ship must have a pilot before entering. The canal is about 80 feet deep, and as we draw 27 feet, you see we did not have much "elbow grease." There is a railroad running along with the canal the whole length. It was very hot. We saw all kinds of camels on the way, some of which had been mixed up in a sand storm and they were beatified.

After a very hot journey, for 18 hours, we anchored in Bitter Lake and passed out of the canal at 11 a. m., headed for Bombay, India.

After a good run of almost ten days through very hot seas, we sighted Bombay, and anchored at 10:25 a. m. Got paid the second day we were in and most everybody went ashore, but as it is almost the same as Naples, it soon got old. Bombay has some very fine hotels, churches and stores. There are several different religions in Bombay. One of them have very strange ways of doing away with their dead. They have a round house with about 100,000 vultures. They chain the birds while they eat the bodies. This is the Temple of Silence.

Some throw the bodies on a big bonfire. While this performance is going on "No visitors allowed." But you may hear the skull crack a long way. You can get a "gagge" or buggy, for 20c per hour and ride all over the city. In the poor part of the city, some of them carry sick babies around with them and beg.

We stayed in Bombay 7 day and coaled ship, and took on stores. On the 31st of October at 10:30 a. m., we got under way headed for Singapore, Malay Peninsula, and after a good run of 7 days we dropped anchor in Singapore Bay. Diavolo (the loop the loop man), was down there and he came on board almost as soon as we dropped anchor. He started a search, looking for some one from Columbus, Ohio. He found a man he was looking for and he almost "eat him alive."

Singapore is not a very large place and there was no liberty granted.

Stayed in Singapore 2 or 3 days and coaled ship. On Nov. 3, at 8:45 a. m., we got under way headed for Manila, P. I. On our second day out we started racing. We all "knocked out" about 22 knots. About 11 a. m. our star-board engine went on the bum, which delayed us for about 12 or 14 hours, but the other ships kept on, and at 4 p. m. the Maryland was in the lead. When we broke down we were walking with them. When the race was over they slowed down to 5 or 6 knots for us to catch up. At 4 a. m., on the 16th, we caught up, but had to run very slow.

At 8:45 a. m., on the 18th, we dropped anchor at Cavite Navy Yard, had the engine repaired and coaled ship. We proceeded to Manila, distance of 8 miles. We go on the range for target practice on the tenth, and after that we proceed to Hong Kong, China, and they say we will make an Australian cruise.

Manila is a very good place, population about 400,000, with quite a few Americans. It is very hot in the day, but it is "all to the roses" at night.

We are now laying almost 14,500 miles from New York and are not through going yet.

Well I suppose, as I have about taken up all of your time, I will have to start to make arrangements to bring this note to a close for this time. Hoping to hear from you soon.

Yours truly,

C. J. SHEETINGER,

U. S. S. West Va.

Care Postmaster, Frisco, Cal.

If you are constipated, dull, or bilious, or have a shallow, lifeless complexion, try Lax-ets just once to see what they will do for you. Lax-ets are little toothsome candy tablets—nice to eat, nice in effect. No griping, no pain. Just a gentle laxative effect that is pleasingly desirable. Handy for the vest pocket or purse. Lax-ets come to you in beautiful lithographed metal boxes at 5 cents and 25 cents. Sold by all dealers.

"BAD MAN FROM BITTER CREEK."

One Walter Reddick undertook to paint the sacred precincts of Crawl a brilliant vermilion, on Saturday night. He beat up a colored woman, shot a colored man, and was proceeding to "have other fun with himself," when Officers Brown and Reagan called a halt and landed Reddick in jail. He was held to the grand jury, on Thursday, for shooting and wounding.

WINS SUIT.

In the Court of Appeals, on Tuesday, the judgment of the Franklin Circuit Court, awarding Mr. Ben Marshall \$550 damages for being ejected from the Street Railway Co.'s car at Norman's corner, on Meru street, after paying his fare to South Frankfort, was affirmed.

This judgment was against the old company of which Mr. John T. Buckley was the manager.

STOPS RUNAWAY.

Edward Miller, a colored boy, succeeded in stopping a runaway horse, on Monday. It seems that the horse became frightened, on Broadway street, and dashed up toward the depot. When it reached the corner of Ann the colored boy dashed to the street and caught the horse, swinging on until the animal stopped. There was a small white boy in the vehicle. The colored boy was highly commended for his brave act.

[For the Roundabout.] A TRIBUTE OF RESPECT.

The death of Mrs. Sarah E. Innes, on Tuesday night last, removes the central figure of a large circle of children and surviving relatives. In their profound sorrow, all who knew her, and who realize the fullness of the blow that thus shatters the old home, must deeply sympathize.

Mrs. Innes was, in character, as she was in descent, of the pioneer type. Strong in will power, undaunted by misfortune, with restless energy of purpose, she waded through the obstacles of life with all the fortitude and instinctive sense of duty that signalizes the Christian soldier. The industry and frugality of her life was supplemented by a respect for the right and a detestation for the wrong that found no compromise in her estimate of character. She was always earnest, forceful and unflinchingly self-sustained. The emergencies and misfortunes of life never found her unprepared. At the death of her husband, more than twenty years ago, she gathered her bereaved children about her, and began life's battle anew and disheartening trials, with a nerve and intelligence that proved fruitful in fortuitous results. The old home has been the annual gathering-place of the children when seeking rest from life's burden or when the heart yearnings for the spot of early childhood became too strong to resist.

In the death of the mother the central link is broken, and the aching hearts, whose pangs reflect a voiceless sorrow—a sorrow too deep for words—can find healing alone in the touch of time and Heaven's own balm. But the memories of the happier days, 'ere the angel of death came, will always remain to bless and console.

WHAT MOTHER NEEDS.

What mother needs is not silver and gold,
Nor fairy gifts of wealth untold,
Nor fretting power, nor titles great,
Nor the garish pomp of a lofty state;
But boundless love and watchful care
Have deeper worth than jewels rare,
And these are what mother needs.
What mother needs is the willing hand
That lingers not nor awaits command,
And the little happy flying feet
That swiftly run on missions sweet;
And ears to hear and eyes to see
That little things may great things be.
When hands are weary and hearts be oppressed,
And tired feet seek a moment's rest;
Yes, these are what mother needs.
What mother needs is the gentle tone
And the warm caress—for her alone
The tender touch on her patient brow—
Once marble-smooth, but furrowed now;
Ah, this is what mother needs.
For many a time her heart is torn
With inward grief you ne'er have borne;
And many a time the way seems drear
For want of timely word of cheer;
Yes, this is what mother needs.
Then tarry not till the lips are still—
No love can then their coldness thrill;
And linger not to lift the weight
Till the shoulders droop—ah! then 't is too late—
The clinging kiss, the ready hand,
When feet have touched the golden strand,
Earth's weariness and weight of pain
Can ne'er oppress the soul again.
So bring thy gifts while pulses beat,
And spirits thrill to offerings sweet,
Hoard not the love for the coffin clay.
But lavish it now, my child, to-day,
For that is what mother needs.

A sweet, pleasant and safe syrup, called Dr. Shoop's Croup Cure, does the work and does it quickly. Dr. Shoop's Croup Cure is for Croup alone, remember. It does not claim to cure a dozen ailments. It's for Croup, that's all. Sold by all dealers.

EMERGENCY CAMPAIGN.

Subscriptions for Kentucky Jamestown Movement From This Congressional District.

A herculean effort will be made during the week commencing Monday, January 31, to complete the fund of \$40,000 required to give Kentucky a proper representation at the Jamestown Exposition. The Exposition will open at Norfolk, Va., April 26, next, and promises to be one of the most interesting World's Fairs ever held. The Kentucky General Assembly failed to provide a fund for a State Building or a State exhibit and the task must be carried out by the citizens of this Commonwealth. Members of the Kentucky-Jamestown Exposition Commission, of which Col. J. Stoddard Johnston is president, have been devoting their time and services gratuitously to this movement, and now they call on the public-spirited citizens of the State, arguing with considerable force that Kentucky's participation in the Exposition will mean assistance toward the general development of the State. It is further pointed out that Kentucky, recognized as the first and foremost daughter of Virginia, should, above all other States, have a place in this Exposition. Believing that the public-spirited citizens and business enterprises of Kentucky will not permit the State to go unrepresented, the Kentucky Commission has already secured an ideal site for a State Building, and has begun the collection of logs which will be used in a replica of the Fort at Boonesboro—Kentucky's proposed structure at the Fair. It is hoped to send to Jamestown, on or before February 1, the first shipment of logs for the building

and exhibits from this State. The week of January 21, has been designated as "Kentucky-Jamestown Week." A personal canvass for funds will be made in every county of the State. An equitable division of the sum expected from the entire State has been made. Each county is requested to raise a sum amounting to one per cent. of the revenue turned over by the county to the State treasury for the fiscal year ending June 30, 1905. Each county in the State has much natural wealth and many possibilities to offer to outside investors, and it is felt that an elaborate exhibit and a State Building will attract attention to Kentucky and arouse interest in her resources and possibilities.

For the counties of this Congressional District, vice chairman of the Division of Finance have been nominated and the respective counties are asked to subscribe to the fund as follows:

Seventh District—Bourbon, \$783.15, Jas. McClure, Paris, County Chairman; Fayette, \$1,508.05, Jno. H. Flood, Lexington, County Chairman; Franklin, \$517.78, Thos. W. Scott, Franklin, County Chairman; Henry, \$249.98, H. K. Bourne, Newcastile, County Chairman; Oldham, \$165.56, Jas. S. Morris, LaGrange, County Chairman; Owen, \$173.06, Hon. M. H. Bourne, Owen, County Chairman; Scott, \$499.26, J. W. Keller, Georgetown, County Chairman; Woodford, \$485.27, W. O. Davis, Versailles, County Chairman. Total, \$4,091.05.

THE RIGHT NAME.

Mr. August Sharpe, the popular overseer of the poor, at Fort Madison, Ia., says: "Dr. King's New Life Pills are rightly named; they act more agreeably, do more good and make one feel better than any other laxative." Guaranteed to cure biliousness and constipation. 25c at all druggists.

FRANKFORT, JAN. 19, 1907.

TO OUR SUBSCRIBERS.

In a short time we will begin sending out our bills for subscription to the ROUNDABOUT.

We trust that our patrons will take time by the forelock and will pay up their arrearages before these reminders are sent to them.

There are a number of our patrons who owe us two or more years subscription, and, while these may be small sums to them, the aggregate to us amounts to quite respectable figures.

We do not wish to discontinue any subscription, but those who owe and will not pay, after a reasonable time, will have to be cut off.

PROMINENT LADY DIES.

Mrs. Sarah Elizabeth Innes, widow of the late Mr. H. B. Innes, died at her home, on the Peak's Mill pike, on Tuesday night last, aged about 78 years.

Mrs. Innes' maiden name was Hudson, her father having been a magistrate for several terms. She was a woman of wide information and great intelligence—being an omnivorous reader—keeping up with the advancements of the age.

Mrs. Innes was a member of the Christian Church, and had been from her girlhood.

She leaves a family of nine children—four sons (Dr. H. B. Innes, Jr., of Rensselaer, Ky.; Alex. H. Innes, of New York City; James W. Innes, of Logansport, Ind.; and Wm. T. Innes, of this county); and five daughters (Mrs. Susan Graves, of Logansport, Ind.; Miss Hannah Innes, of Mexico; Misses Margaret and Frank Innes, and Mrs. Samuel M. Brown, of New York City).

Her husband was a prominent and highly respected citizen of this county, serving one term as high sheriff. He was a grandson of U. S. District Judge Harry Innes, one of the first, if not the first, District Judges to serve after Kentucky was made a State.

The funeral services will be conducted from the family residence this afternoon at 2 o'clock, and the burial take place in the family burying ground, at the home farm.

TRIAL START AT GLASS WORKS.

Mr. R. D. Armstrong brought to our office a sample of the flint glass, which will be made at the Modes Glass Works, on Wednesday afternoon. A trial run or two have been made to test the workings of the new furnaces. It was as clear as pretty as any glass we ever saw.

The works will soon be under way in earnest.

BUYS FAYETTE FARM.

On Saturday last Admiral Chapman Coleman Todd purchased from U. S. Senator J. W. Bailey his farm, known as the Freeman farm, lying on the Versailles pike, four miles from Lexington, containing, 128 acres, for \$200 an acre.

The farm is a splendid piece of land, under a high state of cultivation, and good improvements.

Admiral Todd is now living with his mother-in-law, Mrs. James, near Viley Station, and not in this city as stated by the daily papers.

MYSTERIOUS DISAPPEARANCE.

Our city was stirred, on Tuesday, by the fact that Miss Virginia Young, the pretty daughter of Mr. Stiles Young, (who lives in the Weisenburgh flat, over Mr. Bowen Henry's meat market, on Main street), had disappeared Monday night.

Diligent search had been made and no trace of the missing girl could be found.

There was no known cause of the girl's disappearance.

She was a handsome girl, 10 years of age, a close student in the city schools, and popular with those who knew her.

SATURDAY'S WRECK ON L. & N. R. R.

On Saturday morning, just before daylight, a section of a C. & O. freight train, going East, was left just this side of the Walcutt cut, east of the tunnel, while the engine and the rest of the train went on to Jetts. It is supposed those train men left with the caboose and back section must have gone to sleep, while awaiting the return of the engine, for there were no lights or signals out.

The switch engine from the L. & N. yards was sent up the hill and, in the darkness, ran into the caboose and was dited. Luckily no one was hurt, and the only damage was the ditching of the engine and delaying of the trains on both ends of the road.

The engine was finally returned to the track, the road cleared and all trains went out about 1 o'clock p. m.

TERRIBLE TRAGEDY.

Officer Kills Man in Self-Defense.

On Wednesday night last Officer Wm. Hayden was called to the Aldridge house, on the corner of Broadway and Washington streets, by the occupants to try and quiet James Sudduth (who occupies a portion of the house), but who was drinking and annoying some young ladies in the house.

When Officer Hayden, who had been summoned by telephone, arrived at the scene, he found Mr. Finnie Bryant (who also lives in the house), trying to persuade Sudduth to go up stairs to bed.

The two men finally succeeded in getting Sudduth to his room and agreeing to go to bed. Hayden then started down the steps with a lamp in his hand. Just as he reached the landing place below, he heard Sudduth exclaim "Here I am after you, like a brave man," and looking up he found the muzzle of a double-barreled shotgun leveled on him, and, before he could move, a shot rang out and a load of buckshot whizzed within a few inches of his head, burying themselves in the door and wall.

Quickly realizing that he must act rapidly, the officer still holding the lamp in his left hand, drew his pistol and fired three shots as fast as the mechanism of his gun would work. One shot took effect in Sudduth's abdomen, severing an artery and producing death in a few moments. One shot went through Sudduth's pants and the other went wild.

Sudduth fell to the floor, still grasping the gun, with the other barrel cocked, but was so badly wounded that he could not use it.

Mr. A. D. Brown and Mr. Finnie Bryant took the gun out of Sudduth's hands and placed him on the bed. Drs. Fish and Keller were summoned, but when they reached the scene Sudduth was dead.

Officer Hayden at once surrendered himself and was taken by Chief of Police Mangan before Judge J. H. Polsgrove, who released him on his own recognizance to await the action of the grand jury.

Coroner Graham took charge of the body and held an inquest, the jury returning a verdict in accordance with the facts.

Sudduth leaves a wife and three children. He is well connected in the county. He has paid the penalty for his misdeeds, and many hearts will bleed.

Officer Hayden has the sympathy of the public in his misfortune, which, however much he may be blameless, will be a source of sorrow henceforth. He seems to bear a charmed life, as, once before, he was shot squarely in the abdomen, and was thought to be mortally wounded, but it turned out to be only a slight flesh wound, the ball barely penetrating the skin. The marvel is that he was not instantly killed this time, as Sudduth was so close to him that it was almost a miracle that he was not killed.

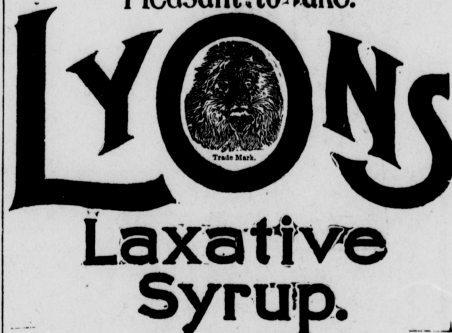

100th BIRTHDAY OF GEN. ROBT. E. LEE.

**Dr. Miles' Heart Cure and
Nerve Cured Me.**

A shattered nervous system nearly always leads to some affection of the heart, especially where the patient's heart is weak from hereditary or other causes. Dr. Miles' Heart Cure is not only a great heart regulator, but it is a blood tonic which specifically corrects and regulates the heart's action, enriches the blood and improves the circulation. It will build you up just as Dr. Miles' Crawford's letter follows, and greatly improve your general health.

"I have been so greatly benefited by Dr. Miles' Nerve and Heart Cure that I freely recommend them as the best remedy for the diseases they are recommended to cure. When I began taking these medicines I weighed scarcely 120 pounds, my nerves were badly shattered and my heart troubled me a great deal. I had pain in my left arm and shoulder, had difficulty in sleeping on my left side, had frequent smothering spells and my heart would flutter and palpitate. I could eat scarcely any kind of food without suffering great distress, and was so restless and nervous that I slept little night or day. Now I am never bothered with my heart, my nerves are steady as a die, I sleep well, eat well and weigh 163 pounds. I am happy now and am trying to make back the money I spent for doctors who did me no good while I was ill."—T. R. CRAWFORD, Center, Texas.

"KENTUCKY-JAMESTOWN WEEK."

**Emergency Campaign Planned for
Six Days, Beginning
Jan. 21.**

"Kentucky-Jamestown Week" is to be observed throughout the State during the six days, commencing January 21. Arrangements to this end have been made by the Kentucky Jamestown Exposition Commission, of which Col. J. Stoddard Johnson is president. From January 21 until the opening of the Exposition only 95 days will elapse. In order to erect a State Building and make an exhibit of Kentucky's products and resources it is necessary that the required fund of \$40,000 be secured at once.

During this week an emergency campaign for funds is to be waged. The president of the Commission has named a prominent citizen in each county of the State to act as county chairman of a committee of five or more persons. Personal solicitation will be made of individuals and business enterprises in the respective counties for the purpose of securing funds. It is the hope of the Commission to obtain thousands of subscriptions and small contributions as well as large ones will be acceptable.

In the larger cities and towns of the State, mass meetings will be conducted during the week. These are to be addressed by the speakers of State prominence who will set forth the necessity for a Kentucky representation at Jamestown, as such a movement is in the interest of the general development of the State. About 25 other States have already arranged to have buildings and exhibits at Jamestown and it is declared that Kentucky can not afford to remain away.

Advices from Norfolk, indicate that the Exposition will open on the appointed time, April 26. Construction work is well advanced and many of the Exposition buildings have been completed. Several States have finished their buildings. The building to be erected by Kentucky will be of logs shipped from this State to Jamestown, and it is to be a replica of Daniel Boone's Fort. The Kentucky Building will nestle in a beautiful pine grove on the shores of Hampton Roads and overlooking the spot where the fight between the Monitor and Merrimac occurred. It is said to be the finest site on the Exposition grounds.

In the State Exhibit Building, Kentucky has an allotment of excellent space covering an area of about 2,500 square feet cultural and forestry exhibits. In the Mines and Metallurgy Building over 1,000 square feet has been allotted to this State, and Prof. C. J. Norwood, Director of Min-

eral Exhibits, is now engaged in preparing an elaborate exhibit. The Bluegrass State will also be represented in the Educational Building.

It is hoped to make a collective exhibit of Kentucky's manufactures and also of Kentucky food products in the respective buildings set apart for these purposes. The Greater Louisville Exposition, to be held the latter part of March, will no doubt furnish many exhibits of manufactures which can be taken to the Jamestown Exposition.

[Neosho (Mo.) Daily Democrat.]
CANNING FACTORY

The more we see of Dr. Baxter and the better we become acquainted with him and his business methods, the more convinced we become that he is a hustler—one of those men who do things—a leader. While he might be called a prompter, he is in a class by himself, as he puts his own good money into a proposition and then says "boys follow me." That's the sort of prompting that it pays to investigate. When a man puts his own money into a proposition, he proves his faith. This is what Mr. Baxter did and after that it took a lot of mighty hard work to get the fruit growers interested in the canning factory project, and a lot more persuasive argument to get them to invest their money in a scheme that it would seem should appeal to them without argument.

Finally the stock was all subscribed for a \$20,000 canning factory plant, plans of the buildings now on exhibition at Guthrie & Guthrie's drug store—were made, and several weeks have been spent in securing a suitable site. And here again has Dr. Baxter shown his faith in the practicability of the canning factory scheme. He has just purchased lots 1 and 2, block 28, 140 feet of the west end of block 29. These lots Dr. Baxter will give to the canning factory.

The lots are in a good location, being along the Frisco tracks near the berry sheds. The buildings will be easy of access to haulers and adequate arrangements made for the unloading and weighing of cars of berries rapidly. Work on the factory buildings will be started at once and the buildings completed and machinery installed ready for the strawberry crop.

So another public enterprise is cinched for the new Neosho, the little city that is going to do things.

Do You Open Your Mouth

Like a young bird and gulp down whatever food medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to trust upon such knowledge. So he publishes, broadcast and on each bottle of Dr. Pierce's medicines are made of and verified by him. This he feels he can not afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, nervous prostration, and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is the best medicine for curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The Favorite Prescription is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and course nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. If you want to know what they say for yourself by sending a postal card request for a free booklet of extracts from the medical authorities to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

THE ONLY KITCHEN CABINET —FOR— Economical Women

Is the one that lasts a lifetime, and yet is not high-priced. That's the McDougall. And economical women know it. The McDougall people make and sell five times as many kitchen cabinets as any other concern. Why? Simply because they make them better.

McDougall Kitchen Cabinets

Are not high-priced. \$18.00 to \$28.00. There are imitations that sell for less.

But the McDougall is always a blessing and not a nuisance; is dust-proof, moisture-proof, and really clean, and **SAVES FOR ITSELF** quickly by saving kitchen supplies. So it's economy to buy a McDougall.

TWO ITEMS OF IMPORTANCE TO SUNDAY-SCHOOL WORKERS.

The ships are rapidly filling up for the World's Sunday-school Convention in Rome, Italy, May 20-28 next. So far only a few have booked from Kentucky. We ought to have 100. Several trips are planned, some short, some long, with prices according. Several attractive side trips are also planned. If you are at all interested or willing to be made interested, write at once for explanatory matter.

The fifth session of the new famous Pastors' Sunday-school Institute meets in Louisville, February 18-22. Some of the finest talent in America has been engaged. Those who have attended the former sessions know how high grade it is, others can form no conception of it. Mr. Marion Lawrence, Mr. B. W. Spilman, C. G. Trumbull, editor of the Sunday-school Times; Dr. J. F. Green, President of William Jewell College; the editors of the Sunday school Literature of the Presbyterian, Baptist, Christian and Methodist Churches, and several more of like kind will take part on the program. Never before has there been so much interest in the Sunday-school or in the Pastor's work in the Sunday-school. The theological seminaries, the denominational papers and denominational meetings are all giving vastly more attention to it than ever before. This institute will be means of unifying, amplifying and intensifying these efforts.

Every pastor in the State who can possibly do so should attend. All who desire it will be entertained, provided names are sent in by February 12. Not only pastors, but superintendents and teachers as well should attend. Reduced rates have been applied for and good boarding can be secured at \$1 per day.

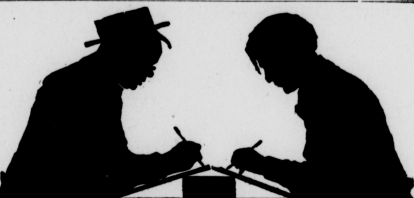

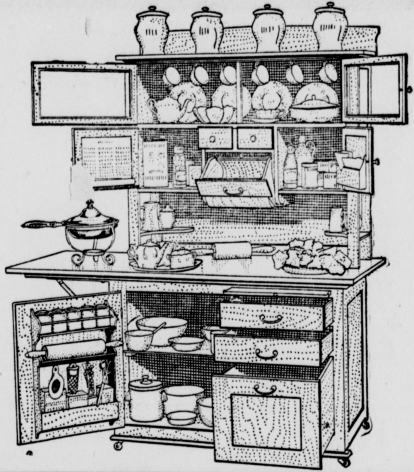

For program and full particulars address E. A. Fox, Louisville Trust Building, Louisville, Ky.

WISE COUNSEL FROM THE SOUTH.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles, I was completely cured; so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at all druggists. Price 50c.

COLORED TRAINER DIES.

Pat Green, the well known colored trainer of trotting horses, died at his home, in South Frankfort, on Monday last. He trained for the late Col. R. P. Pepper and others, and brought out many good ones.

Mr. Newhouse was born and reared in this city, where he has many friends who congratulate him upon his good fortune.

BENEDICT—BROCK—Announcement is made of the approaching marriage of Mr. H. T. Benedict, of St. Louis, Mo., and Miss Carrie Brock, daughter of Mr. Geo. M. Brock, of Crescent View, this county. The happy event will occur on Wednesday next, January 23d.

Mr. Benedict is a fine young business man of the Mound City, who has made many friends on his trips to this city.

His bride to be, is one of Franklin county's prettiest and sweetest girls—one whom any gentleman could well be proud of winning.

She has been the correspondent of this paper at the Forks of Elkhorn for several years.

We tender our heartiest congratulations.

CURED OF LUNG TROUBLE.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 185 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at all druggists, 50c and \$1.00. Trial bottle free.

GIVING OUT.

The Struggle Discourages Many A Citizen of Frankfort

Around all day with an aching back; Can't rest at night; Enough to make any one "give out."

Doan's Kidney Pills will give renewed life. They will cure the backache; Cure every kidney ill.

Here is Frankfort proof that this is so:

Wingate Thompson, police officer, of 29 Murray street, Frankfort, says: "Ordinary backache is sufficient to torment the average mortal, but when there is added to it trouble with the kidney secretions which embarrasses during the day and breaks sleep at night, it is no wonder the sufferer is miserable and welcomes the means he employs to get relief. It is hard enough for anyone to endure such suffering and misery, but for one as heavy as myself, it comes doubly hard. It was not until I learned about Doan's Kidney Pills that I found a remedy that would do just what was claimed for it. I procured a box of the remedy and its use corrected the kidney secretions, relieved the dreadful aching in my back and helped me in every way. There is no need to have any doubt about the merit of Doan's Kidney Pills. They do exactly as represented."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

..DEATHS..

CONWAY—At the home of his aunt, Miss Sarah Petty, in this city, on Wednesday, Mr. Albert Conway, aged 18 years, of consumption.

Mr. Conway was a clever young man, and was a follower of the "art preservative."

The funeral and burial took place on Thursday.

He is survived by his father, Mr. Jos. Conway.

SHEEHAN—At the King's Daughters Hospital, on Monday, Mrs. Ellen Sheehan, aged 94 years, as the result of a fall by which her hip was broken.

About a month ago Mrs. Sheehan was walking about her yard, on East Main street, when she slipped and fell, breaking her right hip. She was taken at once to the Hospital, but could not recuperate from the shock.

She has many relatives and friends in this city, where she has lived so long.

The funeral services were conducted from the Church of the Good Shepherd, on Tuesday, Rev. Father T. S. Major, officiating, and the burial was in the Catholic Cemetery.

BROWN—At her home, on the Lawrenceburg pike, on Wednesday morning, Mrs. Lilian Thompson Brown, wife of Mr. Scott Brown, aged about 25 years of age, of consumption.

Mrs. Brown was a beautiful, accomplished and lovely young woman, who won the hearts of all who knew her by her gentle and tender disposition. She was a devoted Christian and member of the Southern Presbyterian Church.

Only a few short years ago she was happily married to the man of her choice, and the tender care which he bestowed upon her, after she was stricken with the dread disease which was so soon to separate them, called forth the sincerest sympathy of all who knew them.

She leaves, beside her devoted young husband, four brothers (Quarles, William, Russell and Ben Thomson) and three sisters (Mrs. Albert McMichael, of Lexington, Miss Henton and Miss Carrie Thomson), as well as a large circle of relatives and friends to mourn her untimely end.

The funeral services were conducted from the Southern Presbyterian Church, on Thursday morning, by Rev. Wm. Crowe, and the interment was in the family lot in our cemetery.

Our tenderest sympathy is extended to these sorely afflicted ones in their deep sorrow.

ROW IN HIGH COLORED SOCIETY

About 12 o'clock, on Tuesday, a colored man by the name of Major Bond became involved in a difficulty with a colored woman by the name of Maggie Hardwick, in the course of which Bond struck the woman in the face with a hatchet inflicting a dangerous wound which extended down to the eye.

The man was arrested by Officers Harrod and McDonald and placed in the workhouse.

The Hardwick woman's injuries were attended to by surgeons and it was found that she was not as badly injured as feared at first.

The cause of the trouble could not be learned definitely.

It was at first rumored that the woman was killed.

A DEEP MYSTERY SOLVED.

Women Blinded by Science.

The Doctor writes his prescription in Latin and the patient shuts her eyes to what she is swallowing. She takes that much on faith. If it should cure her she doesn't know what cured her. If the prescription injures her she doesn't know what did the injury. The physician is experimenting with different prescriptions all the time. Sometimes his medicine is successful in the case but often not. This mystery of a concealed prescription is intended to mystify and to blind the patient. One physician of wide experience and national reputation does not believe in mystifying the public, nor does he grasp at the fees which he believes that Nature provides that which is necessary for our health and happiness.

When the woman's condition is beyond the stage where it will respond to sunshine, good air, cheerfulness and proper rest; when the balance of health is seriously disturbed this doctor believes that Nature has placed at your hand the balance of power for good. Hidden in our American forests are many plants which correct and cure those distressing ailments which cause women to suffer with backache, bearing-down pains, pain in the back or front of the head, nervousness and lassitude. Most all women who have Nature, who like to wander through the woods, have at one time or another picked the beautiful berries from the Lady's Slipper (Cypripedium). This is not only a beautiful but a very useful plant. The root of this plant when treated properly with glycerine to extract its medicinal virtues is "valuable in all cases of nervous excitability or irritability," says Prof. John M. Scudder, M. D. Another authority, Prof. F. C. Gilgus, M. D., says of this plant: "Exercises special influence upon nervous conditions depending upon disorders of the female organs." Another plant which is frequently found in our American forests is Helonias, or Unicorn root. The AMERICAN DIAPHRASIS says of this plant, that it "possesses a decidedly beneficial influence in an enfeebled condition of the general system, with weakness or dull pain in the renal or lumbosacral (small of the back) region. In cases of the womanly organs, it corrects abnormal conditions, while at the same time it imparts tone and vigor to the system. Hence, it is much used in catarrhal, pelvic drains, irregularities and painful periods. Prof. King further says of Unicorn root: "A particular phase removed by it is the irritability and dependency that often attend these troubles (referring to the ailments just mentioned). It has been found especially adapted to those cases in which pelvic fullness, and the aching, bearing-down pressure, as if they were full, rest of the body."

Dr. Pierce, chief consulting physician to the Invalid Hotel and Surgical Institute of Buffalo, N. Y., says that a combination of these two roots with two native plants together with Golden Seal root, Black Cohosh and Blue Cohosh roots when extracted by the use of pure, triple-refined glycerine of proper strength (which is used instead of alcohol), will almost invariably cure those chronic weaknesses and maladies incident to women. It is Dr. Pierce's Favorite Prescription, which he has used for nearly forty years ago, decided to put up in a ready-to-use form, a "Prescription," which he had found so useful in the last practice.

Dr. Pierce is frank and open about his ready-prepared medicine, called Dr. Pierce's Favorite Prescription—he tells just what is contained in it—he says it is not a cure-all, as it serves only a singleness of purpose, being for women's peculiar weaknesses and maladies, the only medicine put up for sale through druggists for the cure of such maladies, all the ingredients of which have the endorsement of leading medical practitioners and writers, as being the very best known remedies for the ailments for which "Favorite Prescription" is advised. All this will be learned to the reader's full satisfaction by perusing a booklet of extracts compiled by Dr. Pierce from standard authorities of the several schools of practice, and which will be sent free to any address on request. Send a stamped, mailed to Dr. R. V. Pierce, Buffalo, N. Y.

It stands alone. Dr. Pierce's Favorite Prescription is the only medicine for women's peculiar weakness and ailments, printed upon the bottle-wrapper in plain English, so that all who take it may know exactly what they are using.

A further reason for the unprecedented popularity of the "Favorite Prescription" is that it is found in the fact that it contains not a drop of alcohol. How does not believe that an alcoholic compound is beneficial for those ailments which are so common to women because the after-effect of spirituous wine or alcoholic medicines is harmful for weak, invalid, nervous women.

What "Favorite Prescription" has done for others, it will do for you. It is a good, safe and faithful friend.

PURE BUTTER.

The Roundabout calls the attention of butter makers to the following ruling of the Pure Food Commission. It is a fact that this all powerful body has secret agents in all parts of the country, and no one knows when or where they may strike; Housewives must work out the butter which they want to put their butter on the market. A national law recently enacted classifies as adulterated all butter that contains 10 per cent. or more of moisture. The law will be enforced by agents of the general government sent out under the direction of the

agricultural department. Recently agents were out and took samples of creamery and country butter which is claimed within the law. The foreign substance in the butter is a moisture known as buttermilk. The agents state that there is but little butter sold by farmers that has less than 18 per cent. of this moisture in it. Should the law be strictly enforced as proposed it will work a revolution of the butter trade.

HOW TO CURE CHILBLAINS.

"To enjoy freedom from chilblains," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed to cure fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c at all drug-gists.

IMPORTANT TAX DECISION.

The Court of Appeals has decided that warehouse receipts, covering whisky in bond, are not taxable at the warehouse, wherein the goods are stored, but, being intangible property, are taxable at the situs of the owner of the receipts.

This will change the whole course of taxation which has prevailed for the past few years.

SWITZER.

Mr. Harry Shaw and wife, of Green Hill, were the guests of Mr. J. H. South and wife last Sunday.

Miss Lilian Thompson and Mr. Nile Morse, of Frankfort, were the guests of Miss Gertrude Smythe last Sunday evening.

We are sorry to say Miss Lillie G. Carter, who has been on the sick list for quite awhile, is no better.

Mrs. D. E. Wheeler went to Frankfort last Thursday to have a tooth drawn, which has been giving her a great deal of pain.

Switzer seems to have a great many stray dogs this week. Guess they followed the farmers in with the tobacco. They are a great annoyance to the people at night.

Head & Switzer seem to be very busy in their warehouse this week.

Miss Ruth Smythe is visiting friends and relatives in Frankfort this week.

Mr. W. J. Lynn, who has been on the sick list, we are glad to say is very much improved and is able to attend to business this week.

There will be services at the North Fork Baptist Church Sunday, Jan. 20, at 11 a. m. and 6:45 p. m.

Mr. Russell Jones, won the class merit in the eighth grade spelling class last Friday afternoon.

Miss Nancy Lynn won the class merit in the sixth grade spelling class last Friday afternoon.

Master Suter Clark won the class merit in the fourth grade spelling class last Friday afternoon.

Mrs. Kate Sims, of Woodlake, was the guest of her sister, Mrs. D. E. Wheeler, last week.

Owing to the continuous rains the Switzer people are in great need of some side-walks.

FORGET-ME-NOT.

STAMPING GROUND

The Buffalo Springs Distillery, No. 105, have commenced running for the season. The new owners will run the plant for five months—a longer time than it has been operated for many years. It will be remembered that a Kansas City, Mo., company now own it.

Died—At Lusby's Mill, Owen county, Mr. John Hudson, a brother of Messrs. Jesse and Allen Hudson, of this county.

Mr. S. P. Willis of the internal revenue service, is now stationed at the Buffalo Spring Distillery. It will be remembered that he married a young lady of this place.

Marshal John Richards, of whose injury by a cannon cracker we made mention, sometime since, is in a very serious condition from his injury. Luckjaw has set in and small hopes are felt of this recovery.

Messrs. R. Sprake, J. H. Til-

ford, John Spies, B. Stone and John Palmer attended the Tobacco Raisers Convention at Frankfort last week. They returned enthusiastic over the prospects of the Association and their visit.

"Do you think it will ever quit raining?" is the constant query from everyone you meet. The creeks and small streams have become raging torrents.

Died—At her home on the Elmville pike, Mrs. Simeon Hancock, aged 80 years. She was the widow of Mr. Simeon Hancock, who was killed by lightning while at work in his tobacco field, 7 years since. She was highly esteemed by all who knew her.
The funeral took place on Sunday and the burial was at Cedar Grove Cemetery.

N. W. ENTERPRISE.

A new company has purchased and taken charge of the Capital Foundry and Machine Works. They are first-class workmen and guarantee all the work they turn out. There is no reason why any of the factories, distilleries, sawmills, the twine factory or our farmer friends should send away for any repairs, or in fact for new work, without consulting this concern. See their advertisement in another column.

EARTHQUAKE DISASTER.

An earthquake that almost paralleled the San Francisco horror, has just occurred at Kingston, in the Island of Jamaica. Over 1,000 people were killed and over 10,000 were injured. The city was made a waste heap and untold property was destroyed.

Truly how pitiful and helpless is man when within the power of Him "that holdeth the whirlwind in His hand."

Weak Women

To weak and ailing women, there is at least one way to help. But with that, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical tonic machine suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the tire system, acting the repair of all nerve, tissue, and all blood ailments. The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed surfaces, helps local weaknesses and charges, while the Restorative, eases nervous element, gives renewed vigor and ambition, lifts up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic the system. For positive local help, use as well
